

## About Our Company

Austin Innovative Concrete - Epoxy, Overlays, Polished & Stained Concrete is a locally owned decorative concrete business with over a decade of experience serving our community by providing high-quality, Austin stained concrete flooring solutions. We are experts in diamond polished, stained and epoxy coated floors! At Austin Innovative Concrete, we provide the highest quality workmanship, best materials, and latest technologies in the industry. The team at Austin Innovative Concrete is comprised of artisans with an impressive track record for excellence. We take great pride in our craftsmanship and have been installing some of the most unique and durable concrete flooring styles for clients all around Texas. We offer a variety of decorative concrete options that allow you to create your unique style. From new construction to remodels, residential to commercial establishments, diamond polished concrete, stained concrete, or epoxy coatings...we can help transform your space into something spectacular!
